WELCOME, Capture the Flag Winner Recognition and Keynote: Gregory Richardson

Working in cybersecurity since 1992; Gregory continues to be fueled by his passion for security, technology, and tea. Referred to by some as the Tea Drinking Hacker, Gregory is a founding member of the Strategic Client Practice (SCP) team. Helping large and global companies fully realize their overall information and cyber security goals through implementing well-thought-out security platforms. He prefers to focus on solutions rather than products and can often speak at conferences on improving cybersecurity effectiveness and efficiency measurably. He tweets @GregoryR.
