

24th ANNUAL
INFORMATION SECURITY
& AI
SUMMIT
Building Community Through Education

SUMMIT WEEK OCT 26 THROUGH OCT 30

Essentials including The Morning Show (Wednesday-Friday) with Rob Nettgen

MONDAY 10.26

- Being Heard as a Nerd: The Workshop
- Red Lens I: Foundational Physical Security Training
- Certified Cybersecurity Resiliency Practitioner (CCRP Certification)
- Introduction to Digital Forensics

TUESDAY 10.27

- Red Lens I: Foundational Physical Security Training
- Certified Cybersecurity Resiliency Practitioner (CCRP Certification)
- Introduction to Digital Forensics

WEDNESDAY 10.28 The 24th Information Security SUMMIT Day #1

Diana Kelley is a globally recognized cybersecurity and AI security leader. Diana has appeared on NBC News, CBS News and CNBC, and has been quoted in The Wall Street Journal. She hosted BrightTALK's #1 original series; *The Security Balancing Act* and is co-author of *Practical Cybersecurity Architecture and Cryptographic Libraries for Developers*.

THURSDAY 10.29 The 24th Information Security SUMMIT Day #2

Robb Colbrunn earned an M.S. in Mechanical Engineering from Case Western Reserve University in 2000, and a Ph.D. in Biomedical Engineering from Cleveland State University in 2013. Rob has designed control systems for specialized robotic actuators, integrated experimental systems for the International Space Station with NASA and engineered novel medical devices.

Konstantinos Karagiannis is the Senior Director of Quantum Computing Services at Protiviti, where he helps companies get ready for quantum opportunities and threats. He has been involved in the quantum computing industry since 2012, and in InfoSec since the 90s; he is a globally recognized authority on post-quantum cryptography. Konstantinos is a frequent speaker at RSA, Black Hat, DEF CON, and dozens of conferences worldwide. He also hosts Protiviti's The Post-Quantum World podcast.

FRIDAY 10.30 The 24th Information Security SUMMIT Day #3

Chris Bush has been around the block in IT and cybersecurity. He's built things, broken things, and seen things. Things that might make you shudder. Along the way, he has gained deep expertise in application security and threat modeling. He has been an active contributor to the information security community for many years, volunteering with OWASP and serving as an officer of the ISC2 Cleveland Chapter.

Continental breakfast, lunch, X ceptional Networking Receptions on Wednesday and Thursday, Electronic Recycling, Parking, and Participation verification included with registration.
